Date :

1. **Title of the practice-** Pustaka Parichaya

2. **Objective of the practice:**

To promote the habit of reading books among the students with the increase dependence of internet the habit of reading books in library has drastically decreased. Hence in a effort to make students take up library books and inculcate the habit of reading this practice was started

3. **The context:**

Reading habit encouraged among the students.

4. **The practice:**

The students are encouraged to visit the library. The practice shall be that the students take any book of their choice which is not related to the subject studied in class. The student after reading the book shall write a review of the book and submit it to the library.

5. **Evidence of success:**

Students take up the task of reviewing the books. Some of the books were successfully reviewed by the students. Most of the books reviewed by the students are of the vernacular languages

6. **Problems encountered and resources required:**

Lack of internet among the vast majority of students to take up the practice constant encountered required to motivate the students. Resource required was books for circulation. Vernacular language books were received by the students.
